NO COST BUNION SURGERY

Note: Absence of visible scars

A study funded by a major drug manufacturer will pay for the cost of one bunion surgery. This offer includes a two nights stay to study whether Q8003 Immediate Release Capsules is effective in subjects with pain following Bunionectomy surgery. Each subject may receive \$400 for being in the study.

If you have a bunion and wish to take advantage of this opportunity, please inquire about the details by calling my office to arrange for a consultation at no cost.

Call my office for a no cost initial consultation to find out whether you qualify for this study. Enrollment into the study begins **December, 2007** and is on a first-come basis. **The study ends when the 100 subjects quota has been met.**

Call (949) 645-3338 or (714) 533-3668.

If you don't have a bunion or need surgery, please give this to someone who can take advantage of this opportunity.
