NO COST BUNION SURGERY

Note: Absence of visible scars

Studies sponsored by major drug manufacturers are available that will pay for the cost of one bunion surgery. Each subject may receive up to \$400 for being in the study. This offer includes a one to two nights stay to study whether the pain medication is effective in subjects following bunionectomy surgery.

If you have a bunion and wish to take advantage of this opportunity, please inquire about the details by calling my office to arrange for a consultation at no cost.

Call my office for a no cost initial consultation to find out whether you qualify for this study. Enrollment into the study is on a first-come basis.

Call (949) 645-3338 or (714) 533-3668.

If you don't have a bunion or need surgery, please forward this to someone who can take advantage of this opportunity.
